Get an efficient clean for your clothes, automatically

Zanussi's built-in washing machine is designed to run quietly, fit in with other appliances, and clean clothes thoroughly. It comes with the AutoAdjust feature, which weighs each load and adjusts the cycle to use the most efficient settings. Making every wash as economical as possible.

Save time and energy with AutoAdjust

The AutoAdjust feature weighs what you put in the machine, adjusting the duration of the cycle and the amount of water and energy used accordingly. So you get the most economical wash, every time.

You pick the cycle duration with Flextime

Wash clothes on your own terms. The Flextime feature means that you can adjust the length of a full cycle, so laundry is ready when you are.
