#### Constant cold, with DynamicAir

DynamicAir protects the quality of food ensuring a more stable temperature in the fridge. The fan enables circulation of cold air inside the fridge, for a faster and more efficient cooling of food.

#### Functions at your fingertips. With electronic dual touch control

With electronic dual touch control, you always know what's going on inside your fridge. You can easily control various functions and set the precise settings for both the fridge and the freezer with just a touch.

#### Bright LED lights let you see everything inside.

Say goodbye to dark fridge interiors where you can barely see what you're looking for. The soft and even lighting of bright internal LED bulbs give you the visibility you need and are energy-efficient.

#### Lock in nutrients, with FastFreeze

By quickly cooling ingredients with FastFreeze, the most important nutrients are locked in. So you can enjoy better quality meals when you defrost.
