

Product Benefits & Features

Quick Programmes, more time for you

The Quick Programmes are built into the machine so you can get more done on busy days. The Easy 60-minute cycle is a great all-rounder, while the Rapid 30-minute programme is on hand for smaller loads. And for an extra quick treatment, the 14-minute Refresh cycle can be selected, too.

Give your clothes an effective wash with CleanBoost

The CleanBoost 60°C washing programme provides steam at the end of the cycle, to give your clothes a hygienic and efficient clean. This helps reduce bacteria and allergens from your clothes, and supports better laundry hygiene.

Fewer creases, with EasyIron

The EasyIron programme applies extra care to your laundry cycles, reducing wrinkles and creases in clothes. During the cycle, the drum alternates the direction of its rotation, letting clothes move more freely. So you spend less time standing over the ironing board.
